

March on Washington Saturday, October 2nd

Because The Choice Is Very Clear!

**Spending
for Wars &
the Pentagon**

OR

**Spending
on Things
We Need!**

The Pentagon will spend more than \$700 billion this year alone on war and preparing for war. If we cut just 25% from the Pentagon budget we could solve a lot of the problems we face at home.

- **Ending the Iraq & Afghanistan Wars**, would save \$145 billion this year. (So far we've spent over a **Trillion Dollars** on these two wars and a million U.S., Iraqi & Afghan lives have been lost!)
- **Reducing active nuclear warheads** would save an annual \$16 billion.
- **Cutting the F-22 jet and other unneeded weapons systems** - \$33 billion saved!
- **Close half the 800 military bases** outside the US. - Save another \$51 billion.

All Being Slashed Due to Lack of Funds. **WE SAY CUT WAR SPENDING INSTEAD!**

Hundreds of thousands from labor, civil rights, peace, environment, clergy and community organizations will descend on Washington to demand the change we were promised in 2008.

One Nation Working Together - Join Us In Washington, Oct. 2nd

Unity not hate and division • Jobs and affordable housing • Quality public education • Health care for all as a basic human right • Renewable energy and green jobs to help save our environment • Full and equal rights for LGBT • Defend immigrants from hateful attacks • End the wars and cut Pentagon spending to solve urgent problems at home.
