

MARCH on DC 10-2-10

Jobs, Peace & Justice Now!

There are critical moments when action by the people shifts the course of history. **Now** is such a moment.

The trillion dollar wars in Iraq and Afghanistan have robbed our communities of desperately needed resources.

Keeping 1 soldier in Afghanistan for a year costs taxpayers \$1.2 million. The same amount of money could provide 24 good, green, union jobs at home.

As the economy falters, it is time to change course.

We must take action for the change we want - and we must do it together.

On October 2, labor, peace and social justice forces will march on Washington, DC. We will join hundreds of thousands of civil rights, immigrant rights, faith, women's, youth, LGBT, environmental and other progressive organizations in a **unified call for change**.

One Nation Working Together is an historic coming together of movements for jobs, peace and justice organized by the AFL-CIO, SEIU, NAACP, 1199 NY, the National Council of La Raza, USLAW, Green for All, Center for Community Change and more than 150 other organizations.

Together, we are marching to demand:

- ▶ Jobs and a sustainable economic recovery
- ▶ Fund human needs not militarism -- BRING THE WAR \$\$\$ HOME!
- ▶ Immediate withdrawal of all troops, contractors and bases from Iraq, Afghanistan and Pakistan
- ▶ Justice, civil rights and a renewable energy future at home
